

Brandi Teague, MBA

Director of Client Relations

BIOGRAPHY

Mrs. Brandi Teague specializes in medical billing and coding, revenue cycle management, medical practice efficiency, workflow management and troubleshooting of issues for the modern medical practice. With over a decade of hands on experience, Mrs. Teague brings unique insight to the business of “practicing medicine” in today's digital and regulated healthcare environment that often proves overwhelming for providers and staff.

As a former practice and billing manager, with clinical and human resource experience, Mrs. Teague is highly versed in understanding the complexities that medical professionals face. One of her many strengths is the unique capacity to leverage medical practice management to bring about big picture clarity, thus turning chaos into comprehension culminating in greater efficiency and productivity for medical clients.

Mrs. Teague leverages over 15 years experience with day to day practice operations including: human resources, clinical operations and electronic billing, together with quality initiative requirements, electronic health records (EHR) technology, Meaningful Use, and HIPAA cumulating into a powerful resource for clients. Mrs. Teague skill set also includes: development of practice policy manuals of operations and workflows; successfully implementing operating procedures to ensure up to date compliance; streamlining workflow; reduction of duplicate work; and with solid leadership skills increase productivity and staff morale; collectively all of which impacts quality of patient care and the bottom line of a medical practices.

Mrs. Teague holds a Master's Degrees in Business Administration with a concentration in Health Care Management. She is a certified medical coder by the American Academy of Professional Coders (AAPC).

Mrs. Teague's collective experience, education and training allow her to bring a common sense approach to medical practice management and EHR implementation.
